

“Look so good” - to the tune of “Hurt so Good” by John Cougar Mellancamp

New lyrics by Misty Carr and Tiffany Corbin

When I was a young girl,
I had that beautiful young girl face.
But now that I'm older, so much older,
I long for those young face days!
With a girl like you...with a girl like you...
Please tell me that there's things we can do, lady!
BC and you, come on and fix me up!

Look so good
C'mon Spa Girl, make me look so good!
Sometimes skin don't look like it should...
So make me look so good!

Looking better is so exciting!
Having a Spa is such a night of friends and fun, yeah!
You Spa Girls are so inviting!
You may be old but you look young!
Hey Spa Girl, it's you! Come on Spa Girl, it's you!
Bring that Spa right to my home, baby!
Let's see what we can do, come on and make me up!

Look so good
C'mon Spa Girl, make me look so good!
Sometimes skin don't look like it should...
So make me look so good!

And I heard you got big deals!
Maybe I'll hold some spas myself!
I have been wanting new high heels...
Maybe you could, show me how and it won't be long...
I can sing a brand new song...

Feel so good!

Being a Spa Girl makes me feel so good!

Sometimes life don't go like it should,

But now I, feel so good!

Life is good!

Yeah with BC now my life is good!

And everything feels just as it should

Life is good!
